STATUTORY EXAM-HALL LAW & PORTFOLIO STRATEGY:
• **The Examination Structure:** Exactly 10 questions are given on the question paper (5 in Section I, 5 in Section II).
• **The Mandatory Constraint:** You must answer **5 questions in total** with **at least 2 from Section I and at least 2 from Section II**.
• **The 5+5 Core Solution:** Each course is allocated **10 Core Units** (5 in Section I, 5 in Section II) plus **2 Buffer Skeletons**. Even under extreme examination rotation stress, you are mathematically guaranteed 7 to 8 prepared questions from which to select your 5 legal attempts.
• **Rotation Immunity:** Units are classified into *Persistent Anchors* (rarely rotate out), *Balanced Rotators* (appear in cycles), and *Frequent Rotators* (strictly alternate). This compendium ranks units strictly by recent 5-year empirical probability.
